RE: Compliance Sampling and Inspection Sampling (CSI) - Sept. 22, 2009
NPDES Permit No. DE-0000736

Dear Glenn:

This letter is in response to your correspondence concerning our 2009 CSI Inspection. A sampler calibration sheet has been created (copy included) for your approval. This sheet will be kept on the table in the UV room next to the sampler. An identification plaque has been permanently installed for Storm Water Outfall 006.

Allen wanted me to mention that a monthly Sludge Inventory sheet (copy included) had also been created. I have sent this to him previously.

Any questions or concerns, please call me.

Sincerely,

A handwritten signature in black ink, appearing to be "Bob Lynch", written over the printed name and title.
